

TRAPOLOGY FOUNDER BIBLE

SECOND EDITION

VOLUME 11

COMMUNITY & MEMBERSHIP SYSTEM

This volume defines how Trapology builds a movement through community, membership and shared purpose.

The Trapologist

A Trapologist is committed to discipline, growth and helping others untrap themselves. Membership begins with mindset, not purchases.

TRP Membership

Reward participation, contribution and consistency with exclusive access, education, events and products.

Community Standards

Respect, accountability, integrity and encouragement should define every interaction within the community.

Events & Experiences

Every event should educate, inspire and strengthen relationships between members.

Trapology Run Club

Running represents resilience, consistency and mental strength as much as physical fitness.

Ambassador Programme

Choose ambassadors who naturally live the philosophy and positively influence others.

Education & Mentorship

Provide workshops, mentoring and learning opportunities that help members grow personally and professionally.

Recognition & Rewards

Celebrate meaningful milestones and community contributions instead of superficial status.

Global Community

Develop local communities while preserving one unified Trapology culture worldwide.

Founder Letter

Products introduce people to Trapology, but community gives them a reason to stay. Protect the people and the mission will thrive.
